many
THANKS
To everyone for making
THIS POSSIBLE

Transparency and quality

- Account audit through the BDO.
- The entire quality management system is certified by TÜV Rheinland according to the ISO 9001:2015 standard.
- The Pere Tarrés Faculty of Social Education and Social Work - URL is the first Catalan university to receive accreditation of its qualifications and quality system from the Catalan University Quality Assurance Agency.
- We are one of the first organisations in Spain to be accredited with Fundación Lealtad thanks to our transparency and good management practices.
- The implementation of a crime prevention system (COMPLIANCE).
- We have an ethical mechanism in place to ensure compliance with internal ethical criteria and legal regulations. Transparency website: peretarres.org/transparencia. We ensure coherence in the use of resources and environmental sustainability.
- Since 2013, we have had an Equality and Conciliation Plan. We form part of 66 federations and entity networks and collaborate with 100 organisations.

**FUNDACIÓ
PERE TARRÉS**

OUR mission

Promotion of the individual through education, especially in leisure, and social action based on the values of Christian humanism.

The **Pere Tarrés Foundation**, with more than 60 years of existence, is a non-profit educational and social-action organisation created to promote the leisure education of children and young people.

Dedicated to the promotion of free-time education, volunteerism, improving social intervention and strengthening the associative fabric, the work of the Foundation has, over time, broadened to include other areas of **social action like training, research and management**.

OUR values

The work of the people who compose the Pere Tarrés Foundation is rooted in the values of Christian humanism. Our educational and social commitment leads us to work for the individual and the community from the love of others, the search for fraternity and justice, ethics, the attitude of service toward the weak, the inner world and spirituality and work for peace and truth. **We put these values into practice in:**

EDUCATION

We understand education as the axis of our mission and the best form to accompany, empower and help people grow.

COMMITMENT

We are committed to the social transformation towards equality and social justice.

RESPONSIBILITY

We promote a rigorous, responsible and quality way of acting

ENTHUSIASM

We get involved, approaching others with honesty and enthusiasm.

Helping them live their childhood
as children and grow as people

WHO we are
