

## SIGNS WITHIN ARTÉS, ACCESS TO LA RUCA:

## PRIVATE CARS

C-25 road (Girona-Lleida link road) as far as Artés. From Barcelona, the best way to go is via Manresa. Once you are in Artés, at the far end of the village, you need to turn directly into Carrer Claudi Sala, where the road to Calders is. It is signposted in the village and the centre is 6 km from Artés.

## COACHES

### Directions for getting to La Ruca, once you have reached Artés:

Coaches can get all the way to the holiday centre. Access from the newer part of Artés (in front of the market place, following Carrer Lleida) is not recommended.

This involves a 90° turn in the middle of the village to take Carrer Lleida and two more 90° turns, which are difficult for coaches.

**The recommended route is as follows:**

Don't turn into Carrer Lleida, go directly into Carrer Claudi Sala from the end of the town, where it becomes the road to Calders. There's plenty of room to turn into this street – there's a traffic island in the middle and then it's only a 90° turn.

This route is the one indicated by the current traffic signs. That's why in Carrer les Parres the sign (**\*SIGN 2**) that used to show a left turn now points straight on. \*See pictures below.
